STATE OF ALABAMA DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES STATE LANDS DIVISION INVITATION FOR BIDS FOR TIMBER SALE ON CERTAIN STATE LANDS IN LOWNDES COUNTY, ALABAMA

Notice is hereby given to all interested parties that sealed bids for the purchase and removal of timber will be received by the Commissioner of Conservation and Natural Resources until 2:00 P.M. November 27, 2012 at which time all bids will be publicly opened and read in the office of the Commissioner of Conservation and Natural Resources, 468 Folsom Administrative Building, Montgomery, Alabama 36130 1901.

Each bid submitted must be clearly marked on the outside of the envelope "SEALED BID FOR TIMBER SALE, LOWNDES COUNTY BIG SWAMP CREEK THINNING, NOT TO BE OPENED UNTIL NOVEMBER 27, 2012 AT 2:00 P.M." and mailed to: State Lands Division, Room 464, Folsom Administrative Building, 64 North Union Street, Montgomery, Alabama 36130.

ATTENTION: PLEASE NOTE THAT ALL BIDS MUST BE SUBMITTED SPECIFICALLY TO THE STATE LANDS DIVISION OFFICE AT 64 NORTH UNION STREET, ROOM 464, FOLSOM ADMINISTRATIVE BUILDING, MONTGOMERY, ALABAMA 36130 (36104 IF DELIVERED BY PRIVATE COURIER).

NO BID SHALL BE RECEIVED FOR ANY REASON ANY TIME AFTER THE ADVERTISED DEADLINE. IT SHALL BE THE SOLE RESPONSIBILITY OF THE BIDDER TO ENSURE ACTUAL RECEIPT

OF THE BID BY THE STATE LANDS DIVISION PRIOR TO THE ADVERTISED DEADLINE.

The timber made the subject of this notice is located on the following described lands:

Lowndes County, Alabama, Township 15 North, Range 13 East; Section 13 a portion of the Southeast ¼ of the Southeast ¼ and Township 15 North, Range 14 East; Section 18 a portion of the Southwest ¼ and a portion of the Northwest ¼ containing 101 acres more or less to be thinned.

VOLUMES: The estimated timber volumes are as follows:

Pine Pulpwood 5,637 TONS
Pine Canterwood 104 TONS
Hardwood Pulpwood 25 TONS

Volumes are not guaranteed and all bidders must satisfy themselves as to the accuracy of estimated quantity.

TIMBER: The timber to be cut is a portion of all planted loblolly pine timber greater than 4 inches DBH except for approximately 70 square feet per acre of leave tree basal area within the sale area. The timber to be left within the sale area should consist of undamaged dominant and co-dominant classes resulting in a healthy and well distributed stand. Every third row is to be removed for harvest access. As many diseased, forked, deformed, broken or undesirable trees as possible should be removed from the stand while maintaining acceptable leave tree basal area. A portion of the external boundaries of the sale area are marked with yellow paint. The balance of the external boundaries are defined by 2001 loblolly pine plantations, natural hardwood timber and wildlife openings. Streamside management zones are not included in the sale area. Logging slash accumulated on loading decks in the thinning area will be redistributed on skid trails to minimize compaction and erosion. No trees within any streamside management zones are to be cut. Wildlife openings will not be entered with equipment for the purpose of skidding, accumulating or loading timber, or for the parking or maintenance of equipment. Location of loading sites will be coordinated with SLD personnel.

TERMS OF SALE: Bids submitted must state the per unit bid for each specified product class for a 12-month contract. Each bid submitted must be accompanied by a CERTIFIED or CASHIER'S CHECK representing a bid deposit in the amount of \$10,000.00. Bids submitted without such check will not be considered. Certain landowner assistance is required in addition to the payment of the bid price. Unsuccessful bidder's deposits will be returned. The successful bidder's deposit will be applied toward the purchase price. The Department of Conservation and Natural Resources reserves the right to reject any and all bids. An advance deposit, to include the bid deposit, equal to 50% of the total value of the bid product prices multiplied times the estimated product volumes will be required at the time of contract execution. Once the value of the timber harvested exceeds the advance deposit, additional payments will be made to the State Lands Division on a weekly basis for the products harvested that week based on verified scale tickets. **LANDOWNER ASSISTANCE:** The successful bidder will be obligated to perform the following work as additional consideration:

1. At the completion of the harvesting operation contractor shall remove any obstacle that protrudes across tract boundaries. This shall include removal of tops and other debris resulting from the harvest operation and/or removal of existing vegetation to make it accessible for use as a firebreak.

2. The contractor shall be required to comply with Alabama's Best Management Practices for Forestry, specifically including, but not limited to, Forested Wetland Management objectives as outlined in Chapter 6 of Alabama's Best Management Practices for Forestry. Harvesting during wet periods may cause unwanted landscape impacts such as rutting, puddling and compaction. To ensure minimization of impacts, harvesting may be halted during periods of soil saturation, at the discretion of the Land Management Officer or Forester.

3. The successful bidder (if any) shall be required to pay the cost (approximately \$500.00) of advertising this invitation for bids.

The successful bidder must execute and return the contract to the Department of Conservation and Natural Resources within ten days following the date of receipt; otherwise, the award may be deemed to have been withdrawn and the deposit forfeited to the State.

All laws of the State of Alabama concerning the sale of timber from state properties shall govern this sale whether or not included in this notice. The Department of Conservation and Natural Resources does not discriminate on the basis of race, color, religion, age, gender, national origin or disability in its hiring practices or employment practices nor in admission to, access to, or operations of its programs, services, or activities.

The Commissioner of Conservation and Natural Resources reserves the right to reject any and all bids. Persons desiring to inspect the timber or to receive a sale area map may contact the State Lands Division, Department of Conservation and Natural Resources at (334) 242-3484. The sale area map is also available on line at <http://www.outdoor-alabama.com/publiclands/stateLands/SLPublic-Notice/TimberSales/>.
